FACILITIES MINISTRY MANUAL

Live the life. Tell the Story.

Ministry Overview

PURPOSE

The Facilities Ministry exists to help create a safe, clean, functional, and welcoming environment that supports Garden City Church's mission and ministries. Your work directly affects people's first impressions, spiritual focus, and sense of belonging.

When our space is stewarded well, people experience peace—and we remove distractions so the Gospel can be heard clearly.

Areas of Oversight

CLEANING & CARE

- Weekly cleaning & upkeep
- Trash removal & restocking supplies
- Maintaining bathrooms, lobby, sanctuary, classrooms
- Seasonal deep-cleaning projects

SETUP & TEARDOWN

- Preparing rooms for Sunday services
- Event setup (men's breakfast, caroling, CR, discipleship hour, baptisms, etc.)
- Ensuring all tables, chairs, signage, and equipment are placed properly
- Tear-down and restoring rooms after events

MAINTENANCE SUPPORT

- Light repairs (as approved)
- Reporting issues to pastors immediately
- Coordinating with outside vendors when necessary
- Monitoring building systems (HVAC, lights, elevator if applicable)
- Tracking and storing inventory (cleaning supplies, paper goods, etc.)

SPECIAL EVENTS

- Special events such as weddings, funerals, etc. will require a minimum facility fee of $100. This fee will be given to the member of the Facility Team who commits to serving after the event.
- If two team members serve, the fee will be split evenly. If more than two people are required due to the size of the task, a higher fee will be requested, so each team member serving receives a minimum of $50.
- By doing so, we honor the time and work put in by the Facilities Team

Ministry Values

Everything we do flows from the culture God is building at Garden City Church. Facilities volunteers model:

EXCELLENCE
We don't cut corners. We prepare the Lord's house with diligence.

HONOR
We treat the building as sacred space—because lives are changed here.

STEWARDSHIP
We take responsibility for what God has entrusted to us.

TEAMWORK
We communicate, collaborate, and support each other.

DISCRETION & INTEGRITY
We serve behind the scenes, often unseen, but the Lord sees it all.

Recruitment & Training Process

(Integrated from Garden City Church's standard onboarding protocol.)

To maintain excellence and safety, all Facilities Team members will follow the ***Recruitment 101*** process:

INVITATION

A team leader or pastor personally invites a potential volunteer. A clear overview of responsibilities, expectations, and weekly rhythms is given.

INTERVIEW

A short in-person meeting or phone call to:

- Explain the ministry's purpose
- Outline tasks and time commitments
- Confirm the volunteer understands the vision and expectations
- Remind them they must complete Following Jesus as part of Garden City's discipleship process

BACKGROUND CHECK/CORI

Because team members serve throughout the building, including children's areas:

- CORI background check is required
- Safe-Serve or facility-safety certification (when implemented)

TRAINING: REAL-TIME SHADOWING

Volunteers serve alongside an experienced team member:

- Learn cleaning standards
- Learn room setup flow
- Learn equipment use
- Learn Planning Center requests
- Follow Sunday morning walkthrough routine

SCHEDULING

Once trained, volunteers are added to:

- Planning Center schedule
- Weekly task rotation
- Group communication channel (Voxer)

Following this process brings clarity, excellence, and value to the team.

The Heart of the Ministry

Facilities Ministry is not just cleaning and organizing—it is kingdom work.
Every swept floor, every wiped counter, every setup for ministry is preparation for people to encounter Jesus.

This ministry is a win for the Kingdom, the Church, and the City.

Your service makes ministry possible.
