- Team player - each team member will be working with one co-counter.

PROCESS

COORDINATING WITH USHER TEAM

Offerings from each service and ministry are to be moved from the offering baskets, money boxes, Buddy Barrels, and/or classrooms to the safe downstairs. The team member carrying the sanctuary offering must be accompanied by an usher for accountability and safety.

After service, the counting admin and other team member scheduled will count the offering using the following procedure using the following forms:

1. LOOSE & DESIGNATED CASH REPORT

This form is filled out, that in the case of a mistake in the deposit at the bank, one can report the quantity of denominations that were deposited and they can track the deposit for accuracy more easily.

2. CASH SHEET

Use one cash sheet for each service. Please use first AND last name of donor.

1. All lose cash should be recorded as CASH and “OFFERING” should be placed in the FUND column.
2. Checks are to be stamped on the back and recorded in the FUND column as directed by the giver. If no designation is given, it should be noted as “OFFERING” in the fund column. All checks are to be photocopied.
3. Record all designated cash and report FUND as written on the envelope (tithe, offering, etc.). If there is no designation, report as “offering.”

IMPORTANT

Money donated by City Youth is designated as **Speed the Light (STL)** in the FUND column. Money donated by Kingdom Children is designated as **Boys And Girls Missionary Challenge (BGMC).**

3. OFFERING REPORT FORM

This form provides a second confirmation of the totals on the Cash Sheet and for the actual deposit.

4. PREPARE THE DEPOSIT FORMS FOR EACH SERVICE SEPERATELY

Scan and email cash sheets and copies of checks to Ladene Jahner (Business Manager + Accountant).

Gather and clip together all documents to be filed and leave on office admin's desk (NOT mail slot).
