The Worship Team Member is expected to arrive prepared to minister to their fullest capacity at worship rehearsals and scheduled services. Members are required to rehearse and prepare prior to team rehearsals and continue developing their instrument or vocal skills**.**

Worship Overview for Garden City Team:
What is worship?

The word “WORSHIP” first appears in Genesis 22:5 - “Abraham built an altar and worshiped the Lord.” However, we see the building of the altar - the same act as early as Cain and Abel.

***What is taking place in these events?**
1. Something is brought before the Lord.
2. The Lord is pleased.
3. The Lord communes in some capacity.

Anointing is imparted at Altars (places of sacrifice/Worship). Priests are anointed or “verified” - First comes the call, then consecration.
Exodus 29 and 30:** God calls, then consecrates. The anointing is the validity of the call.

Worshippers are Priests are worshippers:
Jericho (Joshua 6:8) and David (2 Samuel 6:12-23) coming into Jerusalem - the priests went “before the presence of the Lord.”

What is the word of God telling us?
You are invited to serve on a worship team - not because of music, but because of your ability to be consecrated, set apart, and lead others in that consecration. You will only grow in this through prayer, fasting, and consistency in God's presence.

> ***Consider Romans 12:1***
> ***Therefore, I urge you, brothers and sisters, in view of God's mercy, to offer your bodies as a living sacrifice, holy and pleasing to God--this is your true and proper worship.***

- Consider the deep seriousness of participating in worship. You can inhibit or enhance someone’s experience in church.
- You have the responsibility to usher others - to “lead” others into the Lord's presence. Everyone, from the sound man to the bass and drummer, is equally responsible for leading the congregation.
- You have a responsibility to grow in the role - call it “growing in the anointing.”
